Jizzy Pearl takes a short break from fronting Quiet Riot to embark on a five date tour of the UK in November to celebrate the 25th anniversary of the release of the debut Love / Hate album "Black Out In The Red Room". That tour includes a performance in the Diamond Rock Club in Ahoghill on 7th November. I spoke to Jizzy via Skype on 15th September to talk about the upcoming tour, Quiet Riot and a few other things. That interview was broadcast on the Friday NI Rocks Show on 18th September.

That Show is still available via our MixCloud page -
