“Synchronized”, the excellent new album from FM, was released by Frontiers Music on 22nd May. I had the opportunity to chat with one of the band’s founding members, bass player Merv Goldsworthy, via Skype on 26th May. We talked for about 30 minutes about the new album, the impact of Covid 19, FM’s tour plans and much more. You can hear that interview on the Friday NI Rocks Show for 29th May, which is now available on our MixCloud page - <https://www.mixcloud.com/NIROcks/interview-with-merv-goldsworthy-from-fm-on-the-friday-ni-rocks-show-29th-may-2020/>
