American singer James Durbin is my guest on the Friday NI Rocks Show on 26th February 2021, talking about his new album "The Beast Awakens". I last spoke to him in 2017 when he had just joined Quiet Riot. That association ended in 2019 and he is now back with a new solo album under the name Durbin. "The Beast Awakens" was released by Frontiers Music on 12th February and the Show also features four tracks from that album.

The Show is now available now from the NI Rocks MixCloud Player - <https://www.mixcloud.com/NI Rocks/interview-with-james-durbin-on-the-friday-ni-rocks-show-26th-feb-2021/>
