Welsh singer Chez Kane released her first solo album on 12th March through Frontiers Music. The self-titled album was written and produced by Danny Rexon from Swedish band Crazy Lixx. Chez Kane will be known to many as one of three sisters fronting the band Kane'd. I had the opportunity to chat with Chez via Skype on 25th February to talk about the new album. You can hear that interview on the Friday NI Rocks Show on 12th March along with four tracks from the album. <https://www.mixcloud.com/NIROcks/interview-with-chez-kane-on-the-friday-ni-rock-s-show-12th-march-2021/>

The interview will be typed up and posted here later.
