A gig we've been waiting for with much anticipation is finally almost upon us. One of our favourite bands, Buckcherry play Limelight 1 in Belfast on Wednesday 27th November in a co-headline show with Swedish rockers Hardcore Superstar. Support comes from American band Venrez. Two days later we follow the bands down to Dublin to see them play in the Academy on Friday 29th November.

It seemed like a good time to repost links to our interview with Buckcherry lead singer Josh Todd from August <http://www.rockradioni.co.uk/interviews/1285-ni-rocks-interview-with-josh-todd-from-buckcherry.html>

and with Venrez lead singer Ven originally posted in October. <http://www.rockradioni.co.uk/interviews/1337-ni-rocks-interview-with-venrez.html>
