Guitarist Joel Hoekstra might be best known as a member of Whitesnake, but he also has his own solo project called Joel Hoekstra's 13. The latter released their second album, entitled "Running Games" through Frontiers Music on 12th February. I spoke to Joel via Skype on 16th February to talk about the new album, Whitesnake and his involvement with Night Ranger, Cher, Rock of Ages and Trans Siberian Orchestra amongst other things!

You can find that interview on the Friday NI Rocks Show that was aired on 19th February and which is now on our MixCloud page - <https://www.mixcloud.com/NIROcks/interview-with-joel-hoekstra-on-the-friday-ni-rocks-show-19th-feb-2021/>
